

**DOWNTOWN SAN BERNARDINO
STREETSCAPE PROJECT
COMMUNITY WORKSHOP & OPEN HOUSE
THURSDAY, SEPTEMBER 30, 2010**

YOU ARE INVITED

WE WANT YOUR INPUT

The City of San Bernardino Economic Development Agency, along with its team of planning and urban design professionals from AECOM, is developing an improved streetscape plan to help guide people Downtown.

Please join us by attending the Community Workshop & Open House that is being conducted to obtain public input and comments from interested individuals. Your input will inform and guide our efforts and help in setting the direction and preparing the Downtown San Bernardino Streetscape Project.

Come out and learn about the Streetscape Project. See how other cities have transformed their urban areas by designing streetscape and gateway improvements. Let us know how you envision **your** Downtown streets, sidewalks, and parkways being improved.

The Downtown Streetscape Project will seek to make Downtown San Bernardino a pedestrian-friendly, safe, and enjoyable experience for residents and visitors alike, while providing a framework for future revitalization.

Spanish translation is available.
